## RESTAURANT

Selfie is one of the nine restaurants in Moscow awarded a Michelin star. It is annually listed in The World's 50 Best Restaurants, and also honored with four Gault & Millau toques.

Selfie is perfect for hosting private events: anniversaries, birthdays, and weddings as well as business negotiations and presentations.

**Gault &  
Millau**

Selfie's gastronomy is managed by one of the best chefs in Russia and the world, Anatoly Kazakov.

He's in the top 100 of The Best Chef Awards 2021 and became Chef of the Year according to GQ.

The chef's focus is on meaningful dishes that speak for themselves. Kazakov's signature style is all about simplicity, elegance, and pure taste.

Wine and food pairing will be the responsibility of Selfie's sommelier, Svetlana Dobrynina:

- Second Grand Prix at the international gastronomic competition "Copa Jerez" in Spain.
- Sommelier of the Year according to the restaurant award "Golden Palm"-2020

We could list the awards endlessly, but we'd recommend you trust the taste and choice of our sommelier and try out the worthiness of these titles.
